DETAILED ACTION

Allowable Subject Matter

1. Claims 1-9 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art of record fail to teach or suggest alone or in combination, a microwave powered lamp and a method of operating the microwave powered lamp including the limitations: "selectively opening and closing the optical cavity to allow transmission of light (UV radiation) from the bulb out of the optical cavity or prevent transmission of light (UV radiation) from the bulb out of the optical cavity" in a manner claimed in claims 1 and 6. It is for this reason in combination with all the other limitations in the independent claims 1 and 8, that claims 1-9 are allowable over prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Barry et al. (US 6,850,010); Wood et al. (US 6,690,112); Keogh et al. (US 6,657,206); Frank et al. (US 5,838,108; Gore et al. (US 5,471,109) and Ury et al. (US 4,695,757); also teach similar inventive subject matter. However the prior art listed above neither teach nor disclose the limitation described above for reason of allowance either alone or in combination.

Correspondence

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ephrem Alemu whose telephone number is (571) 272-1818. The examiner can normally be reached on M-F Flex hours.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Don K Wong can be reached on (571) 272-1834. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
